Grants

In 2023, the Armanino Foundation donated **\$271,175** in grants to local, national, and international organizations. The map below shows our grant presence across our Geos.

2023 Armanino Foundation Grants

"My neighbors' five-year-old daughter was **diagnosed with a TUBB3 genetic disability** after many years of them advocating for her development with countless healthcare professionals. They will never stop advocating for their baby girl, and I admire them so much for their perseverance. The donation from the Armanino Foundation to the TUBB3 Foundation **helps provide support to families who are affected by TUBB3** and supports research for a cure and medication. My neighbors were so thankful to learn I had put the submission in and TUBB3 Foundation was selected as a grant recipient."

– Hannah Braunseis

Grants Impact

"The grant received by the Armanino Foundation meant so much to my sister and me for **our organization, Richelle's Heart**. We are grateful for this opportunity as it will help us continue to give back to the Fort Worth community!"

– Querhea Alexander

"Five years ago, I was **battling cancer at John Muir Medical Center** in Walnut Creek, CA. The care and treatment I received **saved my life** (nearly five years cancer free!), so when I learned they were building a state-of-the-art facility on the Walnut Creek campus to bring cancer prevention, diagnosis, treatment and care coordination all in one place, I happily supported the effort financially myself. I am so grateful to the Armanino Foundation for awarding John Muir Medical Center a **grant towards the completion of the facility**. The Behring Pavilion, home to the UCSF-John Muir Health Jean and Ken Hofmann Cancer Center, will be opening later this month!"

– Lisa DeMers

"Donating time and dollars to **Golden State Opportunity** is important to me because they are truly a great cause **educating those in need regarding available tax credits** and providing assistance in obtaining them. What a great synergy between what we do as a tax/accounting firm and bringing some good to those in need through **education and empowerment** regarding **federal tax credits!**"

– Alex Thacher

"New York is a vast state with a multitude of resources all over the state. Being a **special needs parent** is overwhelming in itself. The **New York Parent Association for Deaf-Blind** assisted me in finding the right school for my child that **had the resources she needed**. I was so impressed with this group that I joined the board!"

– Kirsten Fleming

Grants Impact

"This grant made to the **Arc of Colorado** is still mentioned by the organization's executive director because she is amazed by a company donating to employee-chosen organizations in addition to donated time. These grants make me feel so much more **connected to Armanino** because the firm doesn't only say they support giving back, **giving back is promoted and encouraged.**"

– Daniel McGeary

– Marina Brening

"I was thrilled that the Armanino Foundation chose **Sacramento Waldorf School (SWS)**, from my nomination. This school has made a **huge impact in my son's life**, and my family's, as a result.

Our son did not fit the mold of public school, which was crushing his confidence. Worried for his future, we sought alternatives and found SWS. We were encouraged by their vision of, "Building a world of compassionate, deep-thinking individuals who positively impact others to embrace who they are meant to be." We saw this vision in action when our son was quickly embraced, leading to a **drastic improvement in his overall sense of self**. He is now on the basketball team and has also found his passion for playing the drums, even playing on-stage gigs in a band outside of school. **The future is now bright.**

Donations like the Armanino Foundation's ultimately help SWS maintain reasonable tuition rates, making the school more accessible to more children like our son contributing to SWS's vision of a better world."

– Steve Rossman

"As the former treasurer of First Up, I wanted to honor the organization for the great work that they do in **early childhood education** by providing resources and training for early childhood professionals. As First Up's mission states: We empower and equip early childhood professionals and families through training, coaching and advocating to positively impact educational and **developmental outcomes for young children.**"
